

PROJECT SPOTLIGHT: BROADCAST APARTMENTS SEATTLE, WA

The Broadcast Apartment complex stands out from its surroundings through the extensive use of AEP Span's Prestige Series® metal wall panel in the Vintage® finish. Featuring 70 residential units and 4 live-work units, the complex features a variety of different wall panel forms to add texture and character to the flat surfaces of the structure. The timeless warmth of Vintage® provides a distinctive, evolving appearance that engages with natural light in a compelling way. Finished in 2017, the structure features a collection of different spaces incorporating apartments, retail space, rooftop entertainment options, and underground parking.

Architect: Johnson Oaklief Architecture and Planning

Customer: L A Olsen Construction
